KC / BVA HIP DYSPLASIA LIST

September 2018

Below is a list of Kennel Club registered dogs of the breed specified above, together with their sire and dam, giving the date that they were hip scored, the score for the right hip, the score for the left hip and the total hip score for each dog. The maximum score for each hip is 53 making the maximum total possible 106. There is a breed mean score (BMS) for each breed, and breeders are encouraged to use only dogs and bitches with scores well below the BMS for breeding. Further information on this scheme can be obtained from the Kennel Club or the British Veterinary Association
